GUN-GUN SIGHT-1969-FIRST PRESS UK-CBS - S63683. A very rare original of the legendary GUN... "Gunsight" is the second and last album by the British hard rock band "The Gun". The album turned out to be much more modern than its predecessor, we can even say that in terms of musical qualities it was ahead of almost all the famous rock bands of the same period, with the exception of the Beatles with their latest albums. However, unfortunately, it did not have a single clear hit, the record did not receive critical understanding, former fans very quickly forgot the past merits of "The Gun", and after existing for a few more months, the band broke up.
